Subject: Upper Animas (TO-069) - Herbert Placer

Mike,

Per our telephone conversation, Toeroek will search its records and will consolidate all information pertaining to the ownership of the Herbert Placer at Gladstone. After doing so, this information will be provided to EPA along with recommendations for further research, if necessary. The objective of this task is to confirm the current owner of the property (e.g., Mr. Hennis or the United States Government). The work will be completed under Task Order No. 69 – Upper Animas. As far as funding remaining on this Task Order, there is \$35k available.

Toeroek will submit the ownership information to EPA by the close of business on Thursday (10/1).

Please contact me with any questions or comments.

Thank you,

Lindsay Garner | Project Manager
